U. S. SURPLUS FOOD
STUFF FOR SALE
THRU LOUISA P. O.

Postmaster Robert Dixon has been notified of a certain allotment of food-stuffs offered through this office to the public at prices somewhat under the market. A list is posted in the lobby of the postoffice showing the supplies allotted here. They will be delivered by parcel post to those who leave orders and the cash with the postmaster.

These are army supplies not needed by the government. They consist of canned goods, meats, rice, and a number of items too numerous to mention here.

If interested go to the postoffice and look over the list. Do so at once, as these supplies will be exhausted soon.

PETROLEUM OF STATE
INCREASES \$4,253,448
IN VALUE FOR YEAR

Washington. — Kentucky produced more than 41 per cent more petroleum in 1918 than in the preceding year, figures obtained at the Geological Survey show.

The value of Kentucky's petroleum production for 1918 increased more than 51 per cent, over production in the Bluegrass State during 1917.

Figures of the Geological Survey show that 3,008,160 barrels of petroleum were produced in Kentucky in 1917, the value of which production was \$7,033,714, the average price per barrel being \$2.278.

In 1918, Kentucky produced 4,267,988 barrels, the value of which production was \$11,287,162, and the average price per barrel of which was \$2.584.

From these figures it will be seen that there was an increase in value of the Bluegrass State's production of \$4,253,448.

MISS GUSSE O'DANIEL
DIES AT HULETTE

Miss Gusse O'Daniel died at the home of her father, D. A. O'Daniel, at Huletts, this county, Monday night, September 1, 1919. She had been in ill health for two or three years. Her age was 25.

OUR INDIGENT GOVERNORS.

According to a statement made by R. L. O'Donnell, general manager of the Pennsylvania railroad, freight engineers are now getting \$392 a month, or \$4,704 a year, which is more than the individual salaries of governors of the following thirteen States: Arizona, Delaware, Maryland, Nebraska, New Hampshire, Oklahoma, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont and Wyoming. — Cincinnati Times Star.

WILEY TO QUIT AS ROAD CHIEF.

State Road Commissioner Rodman Wiley has sent his resignation, effective Sept. 1, to Gov. Black, to become associated with the Kentucky Rock Asphalt Company, Louisville, in the capacity of chief engineer.

Mr. Wiley's term of office would not expire until July, 1920. During the last year he has been in office he has pushed Kentucky to the front in road building. He was the honor man of the 1908 class of the College of Engineering, University of Kentucky.

JUDGE AD. M. ILL.

Circuit Judge James P. Adams, of the Twenty-third district composed of Breathitt, Lee and Estill counties, is dangerously ill at his home in Jackson.

DEMOCRATIC CONVENTION.

Lawrence county Democrats will meet at the court house in Louisa Saturday, August 30th, at 1:30 p. m., to select delegates to the Louisville platform convention of September 4th.

AN EASTERN STAR
LODGE ORGANIZED

Lodge of the Eastern Star order has been organized at Louisa on Thursday night of this week. The formal institution will take place at the Masonic Hall. Officers and members of Davis Lodge, Catlettsburg, will come here to conduct the ceremonies.

The Eastern Star is the women's branch of the Masonic order. It is somewhat late in arriving in Louisa, but we understand the lodge has a very desirable list of members to start with and they will make up some of the lost time.

Governor Black at
Pikeville and Ashland

Gov. Black will speak at Pikeville Friday, August 29, and at Ashland Saturday, the 30th, in the interest of the literacy campaign.

R. F. Forgy, of Ashland, will speak at Paintsville the 29th and at Prestonsburg the 30th in the same cause. This is Mrs. Cora Wilson Stewart's campaign to stamp out illiteracy in Kentucky.

CARTER COUNTY AGENT.

Miss Vera E. Price, of Magoffin county, has arrived here and began work as county agent, to help the farmers of Lawrence county. She is a graduate of the University of Kentucky. She is a woman of ability and the duties assigned to her.

LOUISVILLE NEGROES
MAKING POLITICAL DEMANDS

Republican leaders in Louisville were not able to induce William Warley, negro editor, to withdraw from the race for the Legislature in his district, and then they set in the works for Dr. Lewis Ryan, who, on the face of the returns, was re-elected.

Warley came out immediately in a declaration that he had been robbed of the election, and said he and 40,000 other negroes in Kentucky would encompass the defeat of Edwin P. Morrow and the Republican ticket in November in retaliation for what had been done to him on August 2.

On the day the election returns were canvassed, Warley served Dr. Ryan with notice that he would contest his re-election, and the case now is before the court at Louisville. Warley making the claim that he was the victim of fraud.

Warley, win or lose, represents the greatest handicap the Republicans will have to overcome in their race for state offices. — Cincinnati Enquirer.

BROTHERS REUNITE
AFTER SIXTY YEARS

Barboursville, Ky. — Through the inquiries of a relative in Louisville Daniel Burton, of Providence, R. I., and P. W. Burton, of Pount, Knox county, are having their first reunion in sixty years. Daniel Burton fought with the North in the Civil War. His brother was then a youngster, who came to Kentucky with his father to seek his fortune, settling at Pount. The soldier brother lost sight of the family and finally settled at Providence. During the intervening sixty years neither brother had a trace of the other, only a chance correspondence with the Louisville relative bringing about the reunion.

OFFICIAL FIGURES
OF STATE PRIMARY

Frankfort, Ky. — The total vote cast for each aspirant in the various contests for state offices in the primary August 2, were announced officially by Rodman Keenon, Chairman of the State Election Commission.

The Democratic vote:

For Governor—Black, 64,732; Carroll, 43,702; Noel, 2,258.

For Lieutenant Governor—Shanks, 42,300; Oldham, 39,832.

For Secretary of State—Cohen, 47,275; Hager, 20,412; McQuay, 14,499.

For State Auditor—Bosworth, 48,602; Brouse, 10,984; Rawlins, 12,391; Vance, 7,537.

For Clerk of the Court of Appeals—Goodman, 39,336; Steger, 22,957; O'Connor, 15,187.

For Superintendent of Public Instruction—Foster, 34,239; Eubank, 27,132; King, 15,037.

For Commissioner of Agriculture—Newman, 51,679; Cecil, 21,447.

For Attorney General—Daugherty, 30,523; Musick, 21,792; Baker, 14,600; Linsby, 9,644.

For Railroad Commissioner—First District: Burns, 10,927; Gordon, 9,151; Catlett, 5,183; Duffy, 3,766.

The Republican vote:

For Railroad Commissioner—Third District: Kaah, 12,941; Eversole, 12,005; Clisco, 1,248.

For Attorney General—Dayson, 29,439; Jolly, 14,939.

When United States Senator A. O. Stanley made the race for the Democratic nomination for Governor in 1916 he received 197,585 votes. In that election 206,371 votes were cast in the Democratic primary for aspirants for Governor.

Official tabulations in the contest for Governor in the recent primary show that 110,710 votes were cast in the recent election for the Democratic aspirants for Governor.

A comparison of the vote cast at the 1915 primary election with the 1919 vote shows that Stanley received 42,833 votes more than Governor Black.

In the 1915 election, H. V. McChesney, who was defeated for the nomination by Stanley, received 69,722 votes or 4,970 votes more than Governor Black.

The Democratic leaders here, however, say that there is no significance in these figures, and expect the Democratic ticket to win in November.

Female Cave Dwellers
in Martin County

The following item appeared in the Louisville Times. When reading it we are reminded of a little song the boys used to sing when occasion demanded, entitled "That Sounds to Me Like a Lie":

Inc., Ky., Aug. 27.—Hunters have discovered three women cliff dwellers, living the fashion of primeval mankind in the mountains in a cave near Davelia, Martin co.

They have a snug home in the cave, which is three large rooms with mandstone walls. The cave is entered through a small passageway hardly wide enough to admit a person crawling, and is completely covered by low-hanging laurel at the entrance, which makes it almost indistinguishable. The women were nude. It is supposed that they subsist on food taken from nearby farms at night. There is much speculation and mystery as to their identity.

DEATH OF SMITH JOBE.

Smith Jobe, of Twin Branch, died Thursday morning at his home and will be buried on Friday. He was about 50 years old. For eight years he had been in ill health. He leaves a wife and several children.

NOTICE.

There will be an ice cream supper at Lower Brushy schoolhouse on Saturday night, August 30, proceeds for school. Verberly invited to attend.

ANNUAL CONFERENCE
WOMANS MISSIONARY
SOCIETY THIS WEEK

The annual conference of the Woman's Missionary Society of the Ashland District was held in Louisa Tuesday, August 26. Mrs. G. A. Nash, District Secretary, presided in a very efficient way.

Mrs. F. T. D. Wallace, Sr., of Louisa, opened the conference with a very impressive devotional service and extended a cordial welcome to the delegates and guests. Mrs. Mary Burns Horton was made secretary.

We were delighted to have three of our conference officers present: Mrs. G. R. Armstrong, president; Mrs. S. H. Bowman, vice president; and Mrs. G. A. Nash, district secretary. Each of them gave splendid talks on the various phases of our work, furnishing much inspiration and information. Mrs. G. R. Vinson presided at the organ.

The enrollment showed eleven delegates and four visitors present. Among the visitors were Rev. and Mrs. W. L. Reid, a former Louisa pastor and wife. The District secretary's report showed advance along all lines, to the gratification of the conference, while the reports of the auxiliaries, including sixteen organizations, gave interesting details of progress. Louisa's report was unusual in that it was the only society of which all members were signers of the League of Intercession cards.

At the afternoon session the devotional was led by Mrs. Armstrong.

"Centenary Experiences" followed. Mrs. Nash told in a thrilling way of the conversion of a man while witnessing the wonderful presentation of the Pageant.

"Making the Centenary Permanent in the Church" (a) "Through Fasting and Prayer" Mrs. G. A. Nash, "Evangelism," Rev. W. L. Reid, "Titling" Mrs. Bowen. Mrs. Armstrong then presented "Life Service" in a very impressive manner addressing herself principally to the young people.

Mrs. Nash displayed an interesting collection of curios from the foreign field. Misses Opel Spencer and Gladys Atkins sang a beautiful duet, "Be Not Afraid." Miss Kizzie Clay Burns rendered a sweet violin solo.

A round table discussion followed on "How to Make Our Societies Centenary." (a) "Enlistment and Re-enlistment," new members and old. (b) "Broad Educational Program." Through monthly program and mission study. (c) "Large Financial Plans." Mrs. Armstrong closed the discussion with a talk on "Harvest Day."

Mrs. Bowman very ably demonstrated on the blackboard "The Young Peoples Missionary Gardens."

The evening devotion was conducted by Rev. H. O. Chambers, pastor. Miss Elizabeth Burgess sang an appropriate selection. The address "A New Day for Missions" by Mrs. G. R. Armstrong was wonderfully inspiring as is characteristic of all Mrs. Armstrong's talks.

Resolutions of thanks were presented by Mrs. W. T. Poe, chairman of committee, and adopted by rising vote of the conference.

The benediction was pronounced by the pastor.

PETE M'COY WINS
FRENCH WAR CROSS

Lexington, Ky. — Another Kentucky soldier has been awarded the Croix de Guerre, with Palm, for bravery, by the French government, through Marshal Petain. The man is Private Pete McCoy, Thomas, Ky., and, according to the citation, McCoy played a mean trick on the Germans.

Seven of them attacked him and with complete disregard of the laws of warfare he didn't cry "Kamerad." He disabled all seven of them and captured seventeen others.

The citation reads:

"Having been attacked by surprise by seven Germans, he disabled them with his bayonet and hand grenade and made seventeen Germans who were in a nearby hole prisoners."

"While advancing he found a wounded officer and put him in the hands of another soldier in order to transport him to the rear and continued the advance toward the objective."

The decoration arrived at the Lexington army recruiting office Friday.

HARLAN COUNTY LEADS
WITH HIGH BIRTH RATE

Frankfort, Ky. — The State Board of Health announced its statistics for the last year, and it shows that in Harlan county there were 785 births, or an average of 70.2 to each 1,000 population. In Perry county, which adjoins Harlan county, there were 799 births, or an average of 58.3 to each 1,000 population.

While these counties lead in the birth rate they also lead in the death rate. There were 520 deaths, an average of 46.5 per 1,000 population in Harlan county, and Perry county takes second place in the death rate with 369 deaths, an average of 28.8 per 1,000 population.

In Campbell county, out of a population of 63,646, there were 1,017 deaths and 1,110 births. Kenton county, with a population of 75,978, had 1,402 deaths and 1,478 births.

SUPPLIES ARE NOW
BEING SENT TO SIBERIA

Washington. — Supplies are being sent to Siberia from this country. Admiral Kolchak, it is believed, is taking some of the shipments of food it was said, is sent by the American Red Cross. Some of the food shipped from this country to Russia is being sent by co-operative Russian societies, which recently bought several million dollars worth of supplies from the war department.

MOVING TO LOUISA.

Nelson and Mereda Sparks and families of Martha will move soon to Louisa. They are the grandfather and father of Dr. Proctor Sparks of this place. The county has no better citizens than these men and they will be welcomed by the people of Louisa.

LAWRENCE COUNTY
OIL FIELDS BEST

Almost every day brings new oil men to Louisa, investigating this field. Nearly all of them say they would rather have fairly good wells in the Berea formation than the large wells obtained in other parts of Kentucky in the shallow sands. Lawrence has the largest known producing area of Berea grit in the State. The development is going forward as rapidly as machines can be procured.

The Ohio Fuel has two new machines coming in. There is a shortage of drillers in this field, even at the high wages of \$10 per day.

The New Domain is having its property developed rapidly. Miller & Bolt are doing a large part of their work.

Dr. C. B. Walters has sold one-half of his eighth royalty in his farm on upper Blaine for \$3750. This is the farm on which a well was drilled recently. It will be equipped for pumping at once.

The pipe line from Blaine to Busseyville will be laid very soon. Development of the Blaine field will then take on new life.

Other Big Sandy Fields.

A. B. Brode & Son have started drilling a test well for oil near Pikeville on the land of Jeff Williamson.

A well recently drilled in Pike county opposite Williamson, W. Va., is reported to be a good producer of oil. The reports about it are conflicting, however.

New Pipe Lines.

Four car loads of ten inch pipe reached Paintsville this week and 30 teams are hauling it to the right of way leading from Sitka, Johnson co., to the Beaver creek gas fields. At Sitka the line connects with the main line to Louisville and Central Kentucky. The Beaver field is producing a large amount of gas. A compressor and gasoline plant will be installed on Middle creek near Prestonsburg.

W. Va. Conference
Meets Next Week

Ministers and delegates of the M. E. Church South, W. Va. Conference (which includes a strip of Eastern Kentucky) will gather in Ravenswood, W. Va., next Tuesday and Wednesday for the annual session.

Bishop Hendrix will preside. He will preach at Huntington next Sunday.

It will be the first session of this conference in which women delegates will be admitted. This is under the revised law of the church.

MARRIAGE LICENSES.

Joe Lowe, 47, to Rosie Deal, 36, of Williamson, W. Va.

Wm. Burgess, 52, to Eva Miller, 26, of Louisa, R. D. 1.

Frank Anderson, 23, to Elizabeth Cumette, 19, of Zelma.

Cecil Forest Kid, 22, to Callie B. Daniels, 18, of Glenhays, W. Va.

U. S. Wheeler, 53, to Lennie Hillman, 34, of Dobbins and Jettie.

Arthur Cantrell, 19, to Nora Borry, 20, of Cherokee.

Mrs. C. M. Evans and sister, of Chandler, Oklahoma, who had been visiting relatives here a few weeks, left Thursday for their homes. They were accompanied by their parents. Mr. and Mrs. W. M. Blankenship, who will make their home there. Although Mr. Blankenship is 88 years old he is very active and has cultivated gardens this year. He hopes to find "plenty of work to do" in his new location, here.

There are a lot of young men one-fourth his age who need an excuse for work.

KENTUCKIAN SAVES 5,000 LIVES WHEN HE PULLS RUSSIAN FROM MASSACRE BY REDS

New York.—A New York Times special cable from Coblenz says: General John J. Pershing walked into the lobby of the Coblenz Hotel and met Brig. Gen. George H. Harries, formerly of Louisville and head of the American military mission at Berlin. "How are you?" said the commanding general. "What's that new decoration you're wearing?" "That," replied Gen. Harries, is the Russian medal of St. George. "How did you get it?" said General Pershing. And then Gen. Harries, assisted by other American officers from Berlin, because Gen. Harries is a modest man, told the story of how he came to be wearing one of five such decorations in existence. As the chief of the American military mission in Berlin, General Harries was interested in the repatriation of Russian prisoners of war. He superintended guarding the Russian prisoners on camps. In March the Germans marshaled 3,000 Russian officers loaded them on a train and started them homeward. These officers and their trains were taken by Bolshevik officers or dying. When the 3,000 Russian officers refused to join the Reds, a horrible massacre was begun and few escaped with their lives. In April the Germans prepared to send another lot of 5,000 Russian off-

cers homeward. News of what happened to the former consignment was known to the Germans and also to the Russians. Incidentally it was known to Gen. Harries who made it his business to take it to Berlin. He laid the matter before representatives of the German general staff. The next day it was announced that these 5,000 Russian officers would not be sent homeward owing to development of unforeseen difficulties. When detailed news of their salvation reached the Russian officers many of them of high rank, a delegation waited on Gen. Harries to express gratification. With tears in their eyes, they assured him that he saved their lives. The spokesman, Gen. Potocki, stepped up to Gen. Harries and pinned on his breast a little medal square of the Order of St. George. It bore Roman numerals. Gen. Potocki explained that the medal had been worn by his father and that XL meant his father had served forty years as general officer in the Russian army and had bequeathed the medal to his son. Gen. Potocki told Gen. Harries that there was then, no Russian Government to reward him, but that he must accept the medal and that when there was again a decent Russian Government the award would be made a matter of official record. If religion has done nothing for your temper it has done nothing for your soul.

RICHARDSON TAKES AN EASY ONE FROM AUXIER

The Richardson ball team handed Auxier one of the worst defeats they have received this season at Warnick ball park Sunday, Aug. 17, before one of the largest crowds ever seen at this park. Some of the loyal rooters that went with the team to Auxier Aug. 10 and witnessed their defeat were determined to even things up so they went out and recruited up all the lady fans in the neighborhood who came out and rooted themselves hoarse not only for a victory for the Richardson team but a shut out which they came in one run of getting. Fred Williams was also peeved at the way the game went at Auxier and went to the mound determined to get even with Auxier. He wasn't satisfied with striking out 17 of the visitors but on his first trip to the plate he greets them by smashing one over the center field fence for a home run. Auxier played poor ball and showed little sportsmanship by squabbling and kicking on decisions, taking four umpires to play the game. The score:

PROOF FROM FT. GAY

FORT GAY, CITIZENS SPEAK OUT PUBLICLY.

In Fort Gay we find that people are praising Doan's Kidney Pills as highly as here in Louisa. Being so near by, the statement of a Fort Gay resident is of particular interest. Louisa people will do well to profit by the experience of Reynolds Frasher, physician, Fort Gay, W. Va. He says: "I used to take Doan's Kidney Pills quite frequently for a disordered condition of my kidneys and was greatly benefited on each occasion. I haven't had any need of such a remedy now for quite a few years and I believe Doan's Kidney Pills have permanently cured me. I still prescribe Doan's Kidney Pills, however, in my practice with the same satisfactory results and on the whole I consider them a worthy remedy." "Get it at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Frasher had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

ULYSSES

Mrs. Wallace Borders moved to Jenkins the first of last June to engage in the mercantile business. She died August 15 and was brought back home and laid in her little house of clay by the side of her son, Ambrose, who was buried in the Ira Borders cemetery years ago, on Sunday following.

She was converted 45 years ago and lived a devoted christian as all know that knew her. She leaves a husband, two sons and five girls and many grand children and friends to mourn their loss.

II. H. Borders, her oldest son, has been a successful merchant in Catlettsburg for 30 years. C. H., her youngest son, is also a merchant at east Jenkins.

This county has lost one of the best neighbors that ever lived in this country. It is animating to me to think of the home of the soul that has lived right in this world. She has left three brothers and three sisters. Mrs. Lloyd Wilson of Russell, Mrs. John Hess of Ashland, and Miss Olive Borders of Ashland. II. H. Borders, her daughter, Mrs. Jeff Davis and two granddaughters attended the burial. About 300 people attended funeral services which were preached by Rev. J. H. Young and Burns Conley of Paintsville.

She had told some of her lady friends she thought she would be brought back in a box; seemed to be warned of her death. She has nothing now to do only to give God the praise and shout all over heaven. Those who go to heaven will go up shouting. God went up in a shout as a trumpet. Let us all be ready to answer the death call with a smile on our face.

A FRIEND.

Memorial Meetings. A memorial service will be held for Ira Borders the first Sunday in September at the Walnut Grove church. Dinner will be served on the ground. Christ fed the people on the ground twice. The funeral of John Mead will be preached at 2 o'clock at the Anderson Borders cemetery.

KNOTT COUNTY LEADS NATION IN CIVIC MOVES

Hindman, Ky.—The mountain county of Knott has won a unique distinction. It is said to be the only county in the United States that has federated itself for progress by means of community centers.

This statement was made by Dr. Henry E. Jackson, community expert of the Bureau of Education of the Department of the Interior. Dr. Jackson, sent into Knott in behalf of community center work started there by P. P. Claxton, commissioner, who, whirlwind tour of Knott on horseback, holding mass meetings at centers already established and on sites of proposed centers. Dr. Jackson made his headquarters while at Knott county August 16 to 21, inclusive, at the headquarters of the Knott County Community Improvement Association, incorporated, namely the Caney Creek Community Center, now absorbed by the association.

Dr. Jackson congratulated Knott county on its plan of six federated community centers, suggested several additional activities that might properly come under their guidance, and sanctioned efforts being made along educational, health, good roads and civic lines. It is the intention of Dr. Jackson to incorporate the pioneer work of Knott county in this community movement in a Government bulletin. Floyd county has started to follow this example. A community center after the same plans as the centers in Knott has been started at Hueysville, in Floyd, with the approval of the county superintendent of schools. The pioneer community center in Eastern Kentucky is the Caney Creek Community Center at Pippaspa, founded several years ago by Alice Spencer Geddes Lloyd, Boston, Mass.

THE EXPLANATION

Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why Scott's Emulsion is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needful for normal growth. Scott's Emulsion will help any child grow.

HOME CIRCLE COLUMN

OUTDOOR LIFE.

It is very certain that all the physical universe takes the side of health and activity, wooing us forth unto nature, imploring us hourly, and in unsuspecting ways, to receive her blessed breath into body and soul, and snare in her eternal youth. For this are summer and winter, seed-time and harvest given; for this do violet and blood-root come, and gentian and witch-hazel go; for this do changing sunsets make our path between the pines a gateway into heaven; for this does day shut us down within the loneliness of its dome of light, and night, lifting it, make us free of the vast fellowship of stars; for this do pale meteors wander nightly, soft as wind-blown blossoms, down the air, for this do silent snows transform the wintry woods to feathery things that seem too light to linger, and yet too vast to take their flight; for this does all the fair creation answer to every dream or mood of man, so that we receive but what we give. All is offered to us to call us from our books and our trade, and summon us into nature's health and joy. To study, with the artist, the least of her beauties; to explore, with the man of science, the smallest of her wonders; or even simply to wander among her exhaustless resources, like a child, needing no interest unborrowed from the eye—this feeds body, and brain, and heart and soul together.

In choosing our homes the first consideration must be to see that there is abundance of light, air and sunlight. A dark room is only fit for a storeroom. Where the sun comes, according to the old adage, the doctor stays away; or as the Venetian says: "where there is light there is joy."

Scolding is mostly a habit. It is often the result of nervousness and an irritable condition of the mind and body. A person is tired or annoyed at some trivial cause and forthwith commences to find fault with everything and everybody within reach. Scolding is a habit very easily formed. It is astonishing how soon one becomes addicted to it and confirmed in it. It is an unreasoning and unreasonable habit. Persons who once get in the habit of scolding always find something to scold about. If there is nothing else, they begin to scold about the mere absence of something to scold about. It is an extremely disagreeable habit. It is contagious. Once introduced into a family it is pretty certain in a short time to affect all members.

If a young girl reads that which is weak and false and foolish, she will be weak, false and foolish; but if it is true, tender and inspiring, then something of its truth and tenderness will glow into her soul and become a part of her very self. The boy who reads deeds of manliness, of bravery and noble daring feels the spirit of emulation glow within him, and the seed is planted which will bring forth fruit of pure endeavor and exalted life.

If you come home and find something out of place in the house, or not to your liking, do not let it be the first thing mentioned. Try and find something to praise and appreciate, and then speak of the matter that displeases you and ask to have it attended to.

Women need love, praise, appreciation, and pleasure, as much as flowers need the sunlight; and as a rule, the best wives are the women who receive considerable kindness and attention from the rightful source—the husband. Indulge now and then in a little romance, open the windows of your soul to the south, and let the soft breezes blow through and perfume up your rusty old heart a bit. It will not harm you, and it will make you an infinitely more pleasant companion than you are now.

Learn to laugh. A good laugh is better than medicine. Learn how to tell a story. A well told story is as welcome as a sunbeam in a sick room.

Our preachers do not write so many or so wise proverbs as did Solomon, but they have fewer wives and better children usually.

When you have spoken the word, it reigns over you; but while it is not spoken, you reign over it.

Nothing but good character will stand the test of time and good character is no accident.

There is no work so humble that faithfulness in it will not be noticed and rewarded.

Wealth consists not in store of riches but in contentment and serenity.

Govern your thoughts when alone and your tongue when in company.

Whenever you see a shadow, it means there is a light close by.

'Tis said if you improve not today you will grow worse tomorrow.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freesone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freesone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

ANNOUNCEMENTS.

For State Senate.
We are authorized to announce Hon. BRIG H. HARRIS, of Boyd county, as a candidate for the State Senate from the district composed of Boyd, Lawrence, Johnson and Martin counties, subject to the action of the Republican party.

The actors in New York are on a strike. Let everybody who wants to strike join the actor's profession. We can not imagine a more ideal line of "work" in which to exercise that strike music. The public can sit supinely by and watch them enervate without paying for the privilege.

Under government ownership of railroads the extensions and new lines would not keep pace with the country. These projects would be decided by politicians for political reasons and because of political influences at certain places. Lines would be built where not needed, and in other cases the lines badly needed would not be constructed. It now takes a year or more for Congress to authorize a bridge across an alleged navigable stream, with all the urging possible and nobody objecting to it. At this rate how long would it take to discuss, authorize and build 200 miles of railroad? The cost would be much greater than by private construction.

The U. S. government has refused the railroad shippers' demand for a 38 per cent increase in wages, but offers them a 6 per cent raise. The President says it is impossible to grant the big advance on a wage scale already very high, because cost of living is temporarily and abnormally high. When this has been reduced, as it will be within a few months, the scale of wages will be as high as to require further increases in freight and passenger rates. We all know what happens when wages are reduced. That nearly always results in a strike. These shippers would never consent to a decrease in wages. So the best thing to do is to fight it out now.

Freight engineers on the Pennsylvania railroad system, and on others, receive a higher salary than the Governors of about a dozen States in the Union are paid.

One of the worst enemies the railroad man has is the one who advises him to strike and tie up the business of the country. When the railroad men have a good case they always win it by fair methods. The use of brute force to put over their demands will soon "kill the goose that lays the golden eggs" for them. There is a limit to what the goose can do, but a lot of Bolsheviks do not seem to comprehend this fact. The public pays all the costs and the public will revolt one of these days. Only 1 1/2 per cent of the population of the United States is employed on railroads. About 95 per cent is dependent in some measure on the railroads continuing in operation. They are public utilities and should be kept running at all hazards and at a low cost as the application of reasonable economy will permit.

The Plumb plan proposes that the government buy the railroads and turn them over to the employees, etc.

When the government buys anything, where does it get the money?

From the people, by selling bonds or by taxation.

The railroads would cost more billions than we raised to buy liberty bonds. How do you think the people would respond if we attempted to sell bonds for this purpose like we did in the liberty loan campaigns? Do you think they would buy, knowing the object and the enormous interest charges they must meet each year just to satisfy for a few months the demands of one per cent of our population? Of course not.

Another plan is to have the U. S. Interstate Commerce Commission make a rate which would insure a return of 6 per cent to the roads. Another "rat hole" for the money of the great common people. The sky would be the limit on freight and passenger rates.

Demands for increased wages would be granted whenever made, and the hole would be filled by raising the rates paid by the public for service.

A majority of the railroads of the United States are running at a loss now. Even in the best days under private management the most efficient operators have found it difficult to show a profit year after year. Very few of the lines earn as much as six per cent on the common stock; and the old time abuses of over-capitalization were stopped by the government.

Years ago. Under the competition of private ownership the freight and passenger rates were kept down. These are facts that can not be disputed.

What is needed is a reasonable amount of government regulation, leaving the railroad field open for private enterprise. Private capital will build railroads where they are needed and when they are needed, if fair returns appear to be possible.

Cash Premiums, of \$40,000 is the Guarantee Fair Banner Beef Show

Of the \$110,000 offered in prizes for live stock and agricultural exhibits at the seventeenth annual Kentucky State Fair to be held in Louisville the week of September 8-13, \$40,000 has been apportioned to the Beef Cattle and Fatted and Feeding Cattle Department alone. In consequence, it is expected that the greatest exhibit of fine cattle in the history of the Fair will be entered for competition in this department.

It was the purpose of the State Fair management, in assigning this gigantic sum to the cattle division of the Fair to stimulate the rapidly waning industry of cattle raising and breeding and the interest already exhibited proves the potency of the move.

Three of the leading brokers of America have entered many carloads of the choicest steers and she stuff in the fatted and feeding cattle class and the whole allotment will be sold at public auction to be held on the State Fair grounds, beginning Thursday of Fair week. Jack Lawler, Sherrell and Lett and William Daniels and Brother of Chicago, are the consignors of three cars of steers and two of heifers for the first, three cars of steers and two of heifers for the second, and four cars of steers and one of heifers for the last named.

These entries have every one been selected by competent judges from the many thousands of cattle passing

through the Union Stock Yards in the past ninety days and will offer a splendid opportunity for feeders and dealers.

Although a lesser sum was assigned to the beef cattle department last year a most encouraging exhibition was the response to the Fair's substantial premium awards and, arguing from this fact it is expected that the competition and auction in the cattle department will eclipse any former event in Fair history. A great showing of Herefords marked the 1918 exhibit, but a better one is looked for this season. With \$5,000 offered in the Short-horn Division it is expected that this competition, which is open to the world, will bring forth an unusual showing.

The Blackfaced Aberdeen Angus have also developed popularity and are regarded as strong "comers."

A Kentucky Futurity with \$3,000 in awards, is announced for breeders and owners of the above named varieties of cattle. \$1,000 is set aside for the Herefords, Shorthorns and Aberdeen Angus breeds.

The futurity is limited to Kentucky cattle only and is for animals under two years of age. There will be six classes for each breed. The various rules and rings will be found in catalogs which will be mailed on application to Fount T. Kremer, Secretary Kentucky State Fair, Louisville, Ky.

AUTO RACES SCHEDULED TO OFFER "RED BLOODED" SPORT AT COMING FAIR

American sports are usually of a vigorous, "red blooded" variety, and nothing appeals to the sons and daughters of "Uncle Sam" like a contest which calls for daring, skill and speed, and in no game will be found a more perfect embodiment of those assets than in automobile racing of a type to be featured at the State Fair which will be held in Louisville the week of September 8-13.

During the two final days of the State Fair, racing events will be staged on the fine oval of the race track in front of the grand stand and many of the best-known stars of American and foreign tracks will go after established records with a savagery which is certain to result in surprising changes in the sport-ladders. During the 1918 campaign many established records were wiped out by Sig Rughdahl, Fred Horey, Jules Ellingboe, Leon Duray, Ray Lampkin and others and it is expected that the contests this year will develop new points and bring the automobile features into spectacular promise as one of the most delightful, stirring and sensational offerings of the entire celebration.

Hughdahl, who was a sensation last year with his famous Flat Six, has practically rebuilt his car and it is said to be a genuine whirlwind now. As an example of its going quality it may be said that on last Labor Day at Lincoln, Neb., Hughdahl traveled a mile in 1:01.60 and two miles in 2:02.60, the old records being beaten several seconds in each instance. Horey has a new mount about which he is said to be secretive and in which he promises to confound his rivals.

Ellingboe remains faithful to his famous "Wild-cat" and will tool this wonder at the Fair. Duray has jumped to the Case racing outfit in place of George Clark, and Lambkin, who has sold his "Sun-Ray," will blossom out with an American instead of a foreign product.

REDUCED RATES ON ALL RAILROADS

The State Fair management is pleased to announce that a special railroad excursion rate has been secured from the Southern Passenger Traffic Committee and that from all points in Kentucky, and from Cincinnati, O., and Jellico, Tenn., one and one-half fare will be charged for the round trip where the fare amounts to 25 cents or over. Tickets will be sold from September 6 to 12, inclusive, and for trains which are scheduled to arrive in Louisville before noon of September 15, with a final limit of September 15.

The colossal total of \$110,000.00 is listed by the various premiums quoted in the 1919 Kentucky State Fair catalogs which are now off the press and under process of distribution in Kentucky and throughout various sections of the country. Keen interest will undoubtedly be aroused among the far-

SCIENTIFIC SCORING FOR "BABY" AT FAIR

Mothers of all kinds and classes would rise up in wrath should any one assert that pigs or pups were of more importance than her own precious offspring, but until recent years that was exactly the attitude taken by the parenthood of the country.

Great care and scientific study was devoted to the upbringing, development and breeding of stock because it was commercially productive, but baby was allowed to imitate Topsy and "jive grow." In consequence many a little body developed wrongly, life and evil hidden from the unskilled eye waxed and grew apace and many a man or woman faced life heavily handicapped by their parents' lack of vision.

With the crusade inaugurated by Mrs. Frank De Garro, in 1908 at the Mothers' Health Congress of the

—Photo by Cusick Studio, Louisville.

Louisiana State Fair began, however, a most important movement to give to the human infant the same scientific study that had been for years accorded to the animals and over the country swept the splendid movement which inaugurated Babies' Health Contests and Congresses at State and County Fairs and Expositions. Kentucky adopted the innovation in 1913 and instituted the first Babies' Health Contest that year at the Kentucky State Fair. The idea met with the instant approval of rural and city mothers and the contest was one of the most vital and interesting features of the entire exhibition. It has grown in interest from season to season and will again be one of the big features of the Fair in September 8-13. For information as to entry blanks, classes and regulations write for catalog to Secretary Fount T. Kremer, Kentucky State Fair, Louisville, Ky.

STATE PROVIDES FREE EDUCATION FOR SIGHTLESS

In line with other progressive States, Kentucky is doing its part for the education and industrial improvement of its sightless children, and maintains at public expense the Kentucky School for the Blind, at Louisville, which ranks among the best of such institutions in this country and is recognized the world over for the high standard it has attained for over three-quarters of a century of its existence. It being a pioneer in the work of educating the blind.

Strange as it may appear, that although the State has provided so liberally for their education without cost in an institution of such excellence, conducted by an efficient corps of teachers and equipped with every appliance for the work, a problem that has always been confronted has been the fact that only about half of the blind children in Kentucky are taking advantage of the great opportunity afforded them to receive a splendid education and become self-sustaining. It is to meet these conditions, that the press and public are urged to co-operate in a movement to bring into the school for the coming session the full quota of blind children.

The Kentucky School for the Blind is not to be confounded with an asylum or hospital for the treatment of defective eyes, it being in the strictest sense a public school for those denied attendance at the ordinary schools. From the kindergarten to the graduating class, the same high educational standard prevails, and in addition, the boys are taught several lines of industrial work, and the girls, domestic science and needlework, in which amazing progress has been made by the pupils.

Every blind child in Kentucky, or any child whose sight is so weak as to prevent it from attending an ordinary school, can get a free education at the Kentucky School for the Blind. The school session is for the second Wednesday of September to the second Wednesday of June, and the children all go to their homes for the summer vacation.

There are separate schools for the white children and for the colored children, some distance apart, each with its own set of teachers. The State has endeavored to make these schools everything they should be for the education, health and comfort of the blind children of Kentucky. The buildings are large and beautifully situated and filled with every possible device for the training of the blind, and the teachers are the best that can be had.

To get a child into the School, it is only necessary to write to the Superintendent of the School, the name of the child and its age, the name of the parent, and their postoffice address.

Va. The bill was referred to House calendar and ordered to be printed.

SEE WHAT THIS IS

I have at present a fine list of GROVES, RANCH and TIMBER LANDS FOR SALE, that bring in handsome incomes every year.

10-acre grove, most all bearing, with house; price \$4500 on terms.

8 acres in heart of city of Orlando, all bearing oranges, grapefruit and pecans; price \$16,000, some terms. If there was not a fruit tree on this land is worth that money. There is an 8-room house goes with it.

35 acres—8 acres in grove, fine large bearing trees will carry 1500 boxes this year; price \$6500, some terms.

5 acres fine land with small grove, no house; price \$1000 cash.

22 acres in grove and about 8 acres land, half bearing, balance fine four year olds, lake front; price \$10,000; terms on \$2500 of this one. It is worth twice that price, but owner is non-resident and wants to change his line of business.

15 acres—10 acres large bearing trees, 12-room house, some young trees, on lake; price \$12,000.

6 acres fine large bearing orange trees, on brick road, price \$4500.

15 acres adjoining city limits, most all in bearing trees, price \$1300.

Two fine rooming houses, large lot, in center of city, 19 rooms fully furnished, \$6500, half cash balance terms.

3 new bungalows, 6 rooms each, price \$2150 each, pay as rent for these.

3 cottages, price for all three, \$3600 or \$1200 each, 6 rooms each.

Good truck farm just outside city 15 acres, 8-room house, 15 head cattle, 1 horse, 100 chickens and 75 rabbits; price \$3500, some terms.

18 acres, 8 in grove, part large bearing trees, will sell it at half what it is worth; price \$1800, some terms if needed.

30 acres adjoining above, good house, some fruit, good barn, fine land; price \$1500.

36 acres adjoining both the above, with good house, no fruit, but fine land; price \$1500. School is between these three last ones, best of locations.

I will do my best to get you good locations and something that I can sell for you if you ever want to get rid of it, so write or give me a call. Now is the best time to buy so you can see how hot it is in Florida. All these places are near Orlando and I have lots of them. Can mention but a few, so don't delay. Come at once.

EXPECT TO COLLECT SUM OF \$53,000,000

SOUTHERN METHODISTS OUTLINE
PLANS FOR HANDLING GREAT
CENTENARY FUND.

Organization Will Collect Largest
Amount Ever Handled By Any
Religious Denomination
Anywhere.

The Centenary Commission of the Methodist Episcopal Church, South, has announced its plan for collecting the \$53,000,000 which was pledged for the missionary work of the church in the recent eight-day drive. The plan was prepared and will be directed by Colonel John E. Edgerton, of Tennessee, the general centenary treasurer and the director of the department of finance for the Centenary Commission.

Colonel Edgerton is a well known business man. He is president and manager of the Lebanon Woolen Mills, president of the Tennessee State Manufacturers Association, and during the war he was a member of the executive committee of the war industry board appointed by President Wilson.

"Our slogan is no shrinkage, but an increase," said Colonel Edgerton recently. "Just as the Southern Methodist church has surpassed all records in securing pledges for benevolent purposes and has raised the largest sum ever given to any church at one time in the history of the world, so do we expect to set a new record in the collection of these pledges."

An Extensive Organization.
The organization through which these pledges will be collected has four centers of responsibility. The first is a general finance commission with headquarters at Nashville, headed by Colonel Edgerton. This commission has prepared the standard plan and will direct the entire movement, handing down to the various bodies throughout the church detailed plans for their guidance.

There will also be a conference cabinet in each annual conference of the church, about forty in number. These conference cabinets will be composed of the Conference Missionary Secretary, Conference Campaign Director, the Lay leader, and the Conference Centenary Treasurer. Each of these officials have certain specific duties, and will direct the work of collecting all the pledges in each annual conference.

In each of the four hundred districts of the church there is a similar cabinet composed of the Presiding Elder, the Lay leaders, Campaign Directors and the Chairman of the Methodist Minute Men. The Conference Missionary Secretary is an ex-officio member of all district cabinets. The work of collecting in the districts will be supervised by this district cabinet.

Twenty Thousand Churches.

In each of the 29,000 local churches there will be local cabinets composed of the pastor, the centenary treasurer, the campaign director, the lay leader, the chairman of the minute men, the Sunday school superintendent and the president of the Woman's Missionary Society. This cabinet will do all the actual work of collecting the individual pledges.

The persons who made subscriptions will be divided into lists of twenty-five and the lists will be placed in charge of a certain member of the church cabinet, who will collect all pledges as they come due.

One feature of the standard plan is that the local church will be responsible for collecting the full amount of its subscription. If any subscriber dies or moves with misfortune such as to render it impossible for him to pay his pledge, it will be the duty of the church cabinet to secure another person to take the place of the one thus become delinquent.

It is also proposed that every new member who comes into the church shall also be asked to make a contribution to the Centenary fund.

The Centenary fund of \$53,000,000 will be used for the church in an extension of its missionary work throughout the world. Several million will be spent in the "unconquered" regions of France, Belgium, Poland and Russia. Other millions will go to the seven foreign fields controlled by the church—Mexico, Brazil, Cuba, Aden, China, Japan and Korea. Other millions will be spent in the industrial centers of the great cities, in the mountains, among the mountaineers, the negroes and the Indians, and in building new churches in the missionary lands.

ice to soldiers, sailors and ma-
rines still in camps and hospi-
tals at home and abroad.

is relieving the suffering of civil-
ians in foreign countries with
donations of clothing materials,
food and medicines and sending
medical and nursing aid to such
countries.

RED CROSS ANNOUNCES ITS ANNUAL CAMPAIGN FOR FUNDS AND MEMBERS

TO carry out its war-time obli-
gations in countries over-
seas and to launch its peace
program at home, the Amer-
ican Red Cross will conduct its
annual campaign for members and
funds between November 1 and No-
vember 11, Armistice Day. Fifteen
million dollars is the national quota,
asked in addition to 1,200 members.

MacKenzie R. Todd has been ap-
pointed campaign manager for Ohio,
Indiana and Kentucky, the three
states of the Lake Division, by D. C.
Dougherty, acting manager of the Di-
vision. Mr. Todd is now in Cleveland
working on plans for the drive at the
general campaign headquarters.

Mr. Todd has appointed campaign
managers for the division—R. F.
Grant, Ohio State Manager; Clarence
Stanley, Indiana State Manager, and
John R. Downing, Kentucky State
Manager.

EXECUTIVES DETAIL PLANS AND OBLIGATIONS OF THE PEACE TIME RED CROSS

ACTING Lake Division Man-
ager D. C. Dougherty calls
attention to the fact that
Congress recently prolonged
the responsibilities of the Red Cross
abroad when it authorized the trans-
fer to the Red Cross of such medical
and surgical supplies and supplement-
ary and dietary foodstuffs now in Be-
rope as are not needed by the army
abroad or at home. These the Red
Cross is to administer to relieve and
supply the pressing needs of the coun-
tries involved in the war.

While many Americans may believe
that Red Cross foreign obligations are
at an end, Dr. Livingston Farrand,
chairman of the central committee of
the American Red Cross, calls atten-
tion to the fact that our Allies suffered
for more hardships with war than did
we and that we have incurred obli-
gations which honor demands shall be
discharged, and, furthermore, the vast
territory of the far east, cut off from
aid during the war, has looked to
America since the cessation of hostil-
ities.

The Red Cross is now turning its
attention to home needs and has
worked out a program covering home
service, nursing, preparation for dis-
aster relief and a Junior Membership.
"Service to Americans" will be a
Red Cross slogan henceforth.

CADMUS.

The funeral of old mother Messer
will be preached at Green Valley next
Sunday, 31st, by Rev. V. D. Harman,
James Harvey and others. Dinner on
the ground. An all day's service for
the Lord. Everybody invited to come.

Rev. H. C. Conley preached his fare-
well sermon at Green Valley last Sun-
day and will leave Kentucky Tuesday
for his old home in West Virginia. He
is a fine young man and a good preach-
er. He has been on the Yatesville
circuit for two years and we have
learned to love him and mourn to give
him up.

Mamie Riley and Opal Riley, two
accomplished young ladies of Cadmus,
were visiting their aunt, Nancy Har-
man, Monday.

There is literary meeting at Green
Valley Friday night.

Mrs. Jane Belcher, who has been
confined to her bed for some time with
rheumatism, we are proud to say is
better.

The Green Valley school is progress-
ing. Miss Bradley is a fine teacher
and has no pets in school.

Adam Harman was called to Adeline
Tuesday on official business.

Mrs. Nancy Harman and little son
Dock contemplate a visit to Kermit,
W. Va., and Inez, Ky., in the near
future.

Bro. James Ellis is reported on the
sick list this week, being unable to
attend the Sunday school and meeting
at Green Valley Sunday.

The writer has a letter from Rev.
L. E. Kirk, of Scarro, W. Va., who
states that he has had fine success this
conference year witnessing many souls
saved and accessions to the church.
We know Bro. Kirk to be one of the
best singers and preachers that we
have had in our country for years.
May the good Lord bless the labors of
Bro. Kirk, Conley, Hulet, Hutchison,
Harman, Campbell, Cussady and others
the world over this coming conference
year. SPUNK.

A NERVOUS WRECK

From Three Years' Suffering. Says
Cardui Made Her Well.

Texas City, Tex.—In an interesting
statement, Mrs. G. H. Schill, of this town,
says: "For three years I suffered untold
agony with my head. I was unable to
do any of my work.

I just wanted to sleep all the time, for
that was the only case I could get, when
I was asleep. I became a nervous wreck
just from the awful suffering with my
head.

I was so nervous that the least noise
would make me jump out of my bed. I
had no energy, and was unable to do
anything. My son, a young boy, had to
do all my household duties.

I was not able to do anything until I
took Cardui. I took three bottles in all,
and it surely cured me of those awful
headaches. That has been three years
ago, and I know the cure is permanent,
for I have never had any headache since
taking Cardui.

Nothing relieved me until I took Cardui.
It did wonders for me."

Try Cardui for your troubles—made
from medicinal ingredients recommended
in medical books as being the best for
female troubles, and 40 years
proven that the books are
telling Cardui's story.

PRINCE ALBERT

the national joy smoke

SAY, you'll have a streak of smokeluck that'll
put pep-in-your-smokemotor, all right, if you'll
ring-in with a jimmy pipe or cigarette papers and
nail some Prince Albert for packing!

Just between ourselves, you
never will wise-up to high-spot-
smoke-joy until you can call a pipe
by its first name, then, to hit the
peak-of-pleasure you land square
on that two-fisted-man-tobacco,
Prince Albert!

Well, sir, you'll be so all-fired
happy you'll want to get a photo-
graph of yourself breezing up the
pike with your smokethrottle wide
open! Talk about smoke-sport!

Quality makes Prince Albert so

appealing all along the smoke line.
Men who never before could
smoke a pipe and men who've
smoked pipes for years all testify
to the delight it hands out! P. A.
can't bite or parch! Both are
cut out by our exclusive patented
process!

Right now while the going's
good you get out your old jimmy
pipe or the papers and land on
some P. A. for what ails your
particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Topsy red bags,
tidy red tins, handsome pound and half pound tin humidors—and
—that classy, practical pound crystal glass humidor with sponge
moistener top that keeps the tobacco in such perfect condition.

FARM DEPARTMENT

By G. C. BAKER, County Agent.

Lime Shed to be Built at Kise Siding.

The farmers at Kise, Georges creek
and Charley have arranged to build a
lime shed at Kise on the Kise siding.
The C. & O. railway has given them a
lease on the siding and will deliver the
lime to the shed for \$1 per ton. The
lime will cost \$1 per ton at Olive Hill
making a cost of \$2 per ton for crushed
limestone at Kise.

The farmers donated the lumber for
the building and are arranging to meet
at Kise, bringing a saw and hammer
and erect the shed on August 30th.

The farmers in this community are
to be complimented on this piece of
community development, which will
mean so much to the farming interest
of the future. Our land in Lawrence
county is all sour and the first step we
should take is to sweeten the land or
neutralize the acidity. We must do
this before we can get the maximum
benefit from the use of fertilizer.

We hope to see other communities
get busy and build a lime shed as the
C. & O. railroad is anxious to give
us a lease anywhere we want to build
a shed.

New Farmer is Coming.

The new farmer is coming. The old
farmer, who learned everything by
hard knocks and bitter experiences,
will go. The old farmer, who did an
enormous amount of heavy work for
many hours each day, has almost pass-
ed. In his place the new farmer who
will save his muscles with machinery
and who will get an education other
than one of hard knocks, will come.
It may be that this new farmer will
not be able to put away any more
money than the old farmer, but he will
must certainly have a better chance to
get pleasure and happiness out of his
life. Machinery will keep his face from
being turned continually toward the
ground and his auto will save him
from spending hours joggling to and
from town for supplies. He will not
be chained to his soil because of heavy
toll and the great distances he must
travel to transact business; for machi-
nery will be at hand to travel and
work for him.

This new farmer is coming. In fact,
he has been on the way for some time.
The shortage of labor and the advanc-
ing price of crops and stock have
helped his coming. He must have
machinery to overcome the lack of
labor and high prices have given him
the cash with which to buy. The new
farmer is coming.

Hold That Soil.

Rye sown this autumn on fields to
be cultivated next season, will hold
the soil during the washing winter
and spring rains. Besides holding
valuable soil, the rye will also add an
enormous amount of rotting vegeta-
tion to the soil. The rapidly rotting
rye and roots lighten clay soils allow-
ing surplus water to drain out of them
but retain the moisture necessary for
crops during dry weather. Rye and
other green manures should be used
extensively this season when land and
crops are both very valuable.

Give the Child a Pet.

The boy's love for his dog and the
girl's devotion to her cat show the
child's desire for a pet of some kind.
Every child loves a pet and is anxious
to have one of its very own. The rea-
son the boy gets a dog and the girl
her cat for a pet is that they are
cat or the dog has been in the
house for some time.

WEST VIRGINIA ITEMS OF NEWS

Apportionment for Roads.

According to a statement issued by H. J. Spelman, division engineer of the state road commission, the apportionment of the state and national money distributed among the counties for Class "A" good roads improvement has been made. The total sum in the state to be apportioned amounted to \$1,932,000.

The apportionment was based on a total mileage of 4546 class "A" roads at the rate of \$425 per mile.

Wayne and nearby counties share as follows:

County	Mileage	Apportionment
Cabell	20	\$8,500
Lincoln	104	44,000
Logan	83	35,275
Mingo	85	36,125
McDowell	85	36,125
Wayne	94	39,950

Census to be Taken.

West Virginia has been divided into six districts for the purpose of taking the census of 1920. Wayne county has been placed in the fifth district. The counties composing this district are: Lincoln, Logan, McDowell, Mercer, Mingo, Monroe, Summers, Wayne and Wyoming. The population of these counties in 1910 was 206,573 and the population of the whole state was 1,821,119. Albert S. Johnson of Monroe county, has been appointed as census supervisor of the fifth district of which Wayne county is a part.

Wayne Girl Wins Prize.

The Wayne News says: A list of the state prize winners has just been sent to Miss Josephine Malcolm, County demonstration agent. It is noted in this list that Rebecca Jackson, daughter of Mr. and Mrs. H. S. Jackson, has been awarded the seventh premium, an assortment of six containers. Miss Jackson is a second year club girl. Wayne county prize winners have succeeded in taking state prizes each year with the exception of one since the club work was started.

Killed in Mine.

Charles W. Swan, son of Tiler Swan of Martinsburg, W. Va., was killed last week in a coal mine near Logan. His body was taken to Inez and buried in the Swan graveyard. Besides his father he leaves a wife and two daughters, those by a former marriage. He also leaves three sisters and three brothers.

Mingo Boy Given War Cross.

A Croix de Guerre for a West Virginia soldier was received Monday at state recruiting headquarters in Huntington, accompanied by a citation from French general headquarters for signal bravery. Frank Deskins, of Myrtle, Mingo county, is the recipient of the corporal in Co. D, 354th Infantry, at the time he won the war cross.

The citation reads as follows: "Citation, Frank Deskins, corporal Co. D, 354th Reg. Amer. Inf.

"Displayed courage and initiative in successfully leading four combat units of which he had taken command. Wounded before attaining his objective, he permitted himself to be attended to only after he had organized his position."

"At general headquarters April 23, 1919. The Marshal of France, commander of the French armies of the East, Petain."

Organizing New Company.

The Himler Coal Company, composed of substantial foreign citizens, doing business at Himler for the past two years, have decided to branch out and enlarge their holdings. With this end in view they have opened up a mine at Warfield, Ky. The company is composed of a number of well known Hungarian citizens. The mine are run on a co-operative basis.

PIKEVILLE

Here from Logan.

Mr. M. A. Maxwell, Logan, W. Va., representing the Kentucky and West Virginia Power Company, was in town looking over the territory with the view of constructing a transmission line to bring wholesale electric power into this Elkhorn field. A transmission line is already under construction to the Logan and Tug River systems together and if the prospective business in this field will warrant the investment a line will be constructed from Sprigg on Tug river into this territory, thence to Hazard. This will be a main power line tying all three power plants together with branch lines up the various creeks to supply the mines.

Returns to Hospital.

Lon Hylton and family have vacated the Pinson cottage. Mrs. Hylton and the baby will spend some time with her parents at Lookout. Mr. Hylton who is a C. & O. fireman, got his leg broken in a wreck on the East End several weeks ago, and the injury has not healed as it should. He will return to the C. & O. hospital for treatment.

Raid on Tug.

Deputy Marshal A. J. Potter, Collector S. J. Cornett and Sheriff D. S. Spencer have returned from a raid in the Tug river section. On Pond creek they arrested five Hungarians who are charged with illicit stilling, captured from "house stills" and one outfit. These people, it seems, were making a beverage on their cook stoves by means of a copper still which had a heated as it should be. The officer had no trouble with the men, whose wives begged earnestly for them laying all blame on themselves.

Negro Held.

Will Gray, negro, was given a preliminary hearing before U. S. Commissioner Spears at Catlettsburg on the charge of robbery of the postoffice at Carmen, Pike county, May 29, and was held for the U. S. grand jury. September term, at Frankfort, Ky., under a \$1,000 bond.

Pastry-Smead.

A marriage that will come as a surprise to the bride's many Pikeville friends is that of Miss Maryland Peery of this city, and Mr. Warren Smead, a wealthy ranchman of Lewiston, Idaho. The bride who is numbered among Pike county's best teachers left here several weeks ago to take charge of a school in the west, but marriage was destined to put an end to her plans for on her journey she was met by Mr. Smead, a gentleman with whom she has been corresponding for some time, and their marriage took place at Lewiston, Idaho. The bride is the eldest child of Mr. and Mrs. M. Smead and is a most respectable young woman.

Circuit Court.

The fall term of the Pike Circuit Court will begin Monday, Sept. 8th, with our newly appointed Judge J. E. Childers on the bench, and W. W. Barrett and R. Monroe Fields to take care of the Commonweath.

Held to Grand Jury.

Ten boys ranging from ten to seventeen years who were given an examining trial before Judge W. W. Reynolds last Saturday for stealing chickens, were bound over to the grand jury in the sum of \$500 each. For the past two weeks quite a number of complaints have been coming into the office of chickens being stolen. Chief Coleman got busy and the result was that ten boys and one man were arrested. The man is charged with purgery and receiving stolen goods. He has given a bond of \$500 in each case.

PRESTONSBURG

Thursday evening, August 14, Miss Ella Harris, the accomplished and attractive daughter of Mr. and Mrs. R. W. Harris, of West Prestonsburg, was united in marriage to Mr. Felix Wellman, of Hardy, Ky. Miss Ella Harris is the second daughter and graduated a little over a year ago from the county high school. She has taught several successful schools and was elected to teach this session in the city graded school. She is considered one of the best teachers in Floyd county, and is very popular among the young folks. Mr. Wellman is a returned soldier, but is already in the coal business at Hardy. The courtship began several years ago.

CATLETTSBURG

Mrs. Keana F. Prichard Passes Away.

Mrs. Amelia (Dild) Stewart-Prichard passed away at the Prichard home after about two weeks' illness of heart and dropsical trouble. Her nephew, Dr. Lon Prichard, and Mrs. Ida Hobbins, trained nurse, had given her most careful attention during her illness.

Miss Nellie Swetnam, granddaughter of Mrs. Prichard, was called to her bedside from Cincinnati.

Mrs. Prichard was about 75 years old and was a daughter of Mitchell Stewart and wife, of Louisa, and had one brother, Henry Stewart, who died many years ago. She was married when quite young to Hon. K. P. Prichard, then a rising young attorney of Louisa, and four children were born to them, while they resided in Louisa.

They located in this city soon after the civil war, and had since lived here. The children grew to womanhood and manhood, dying young, however, consequently Mrs. Prichard's life had been full of sorrow and tragedy. The children were Clara, the first Mrs. Early Stockwell, who with her baby passed away at an early age; Anna, Mrs. Stewart Hayden, also died quite young; Stella, the youngest daughter, also died soon after arriving at young womanhood, and Henry, her only son, died a tragic death soon after attaining his majority. Hon. Keene Prichard died a number of years ago and since that time Mrs. Prichard has resided alone at her home here except for her faithful attendant, Lou Layne, who had been her devoted servant for many years.

The funeral was held last Friday.
